

REGISTRATION INFORMATION

FEES

The registration fee for the Compost School is \$525 for each participant. This fee includes all instructional materials, refreshment breaks, lunches, assorted publications and field trip transportation. **NOTE:** You are responsible for making your own Lodging accommodations and are separate from the registration fee. Please visit www.composting.org for lodging information.

Please apply early. Applications for registration will be accepted until the 20 participant limit is reached. Applications must be received two weeks prior to the session start date. Letters of acceptance will be sent out as confirmation of registration.

LOCATION

The school will be held at Highmoor Farm, a University of Maine research farm facility located in Monmouth, Maine. Directions will be provided with the registration confirmation letter.

Turning Carcass Windrow

OBJECTIVES

- Provide an understanding of medium and large scale composting
- Explore problems associated with the composting process
- Examine appropriate organic materials suitable for composting
- Exchange information and foster relationships

SPECIAL PROGRAM FEATURES

- Presentations with interactive dialogue
- Limited class size for maximum learning and interaction
- Interaction with leading compost scientists
- Hands-on learning experiences at a working compost site

BENEFITS OF PARTICIPATION

- Apply new technology information to your composting operation
- Meet others involved in composting
- Earn a Certificate of technical ability
- Visit other compost operations

University of Maine Non-Discrimination Statement

The University of Maine does not discriminate on the grounds of race, color, religion, sex, sexual orientation, including transgender status and gender expression, national origin, citizenship status, age, disability, genetic information or veteran's status in employment, education, and all other programs and activities. The following person has been designated to handle inquiries regarding non-discrimination policies: Director, Office of Equal Opportunity, 101 North Stevens Hall, 207.581.1226. *If you are a person with a disability and will need any accommodations to participate in this program, please contact Mark Hutchinson, 1-800-244-2104 at least 10 days prior to this event to assure fullest possible attention to your needs.*

Cooperative Extension provides equal opportunities in programs and employment

OPTIONAL CERTIFICATION EXAMINATION

An optional certificate examination will be administered to any participant that requests it. Successful completion of the exam will result in the awarding of a Certificate of Technical Ability. The exam, covering the classroom portion and the field trip visits, will be given on Friday. Please indicate your interest in this optional exam by checking the appropriate box on the application/registration form.

CLASS SCHEDULE

Compost school begins at 8:30 am on Monday and ends at 3:00 pm Friday. For a daily class schedule check out our website at
